A Canadian equity fund unlike any other.

REASONS TO OWN FUND

Brandes LP uniquely applies its value approach to Canadian equities, building a highly-focused, alpha-seeking fund that offers:

- **Concentration:** a portfolio of typically 15–35 Canadian securities
- **All-cap exposure:** companies of all sizes, from small to large
- **Global diversification:** typically about 35% exposure to global equity
- **High alpha potential:** small number of holdings and freedom to invest in small companies creates growth opportunity

This fund looks nothing like the S&P/TSX Composite Index or other Canadian equity mutual funds—therefore it is a good potential diversifier to any portfolio.
