REASONS TO OWN FUND

You may have thought emerging markets were too risky for your portfolio, even with the significant growth potential in these regions. This balanced emerging-market fund is managed with a goal of minimizing risk and is:

- **Uniquely Diversified:** the breadth and depth of this fund has very little competition in Canada. It provides access to a vast spectrum of emerging-market asset classes—equity, debt and currency—via five strategies managed by Lazard Asset Management (Canada), Inc.
- **Designed for Higher Returns with Lower Risk:** the Fund aims to generate equity-like returns while reducing some of the extreme fluctuations typically associated with emerging markets—offering you the potential for more stable, lower-volatility performance
